About US

MG Sky Cargo LLC has transformed itself into a well-established player in the global freight and logistics industry. Our vast network of corporate and individual clients from all across the globe reflects our expertise in the field. We work towards providing a multitude of services which range from air & sea freight forwarding to customs clearance and warehousing management.

Our VISION

M G Sky Cargo aims to become a trusted leader in the international freight and logistics industry. With an experienced team of professionals, the company is carving new benchmarks to represent service excellence and innovation.

Air, sea, rail and road freight transportation are just of the many recognized services offered by M G Sky Cargo LLC. Additional services include customs clearance handling, warehousing and professional consultation. Over the span of decades, the company has acquired a vast network of clients spread across international boundaries. But what really sets M G Sky Cargo LLC apart from the rest is:

Our MISSION

Our mission is to provide superior service delivery and meet world-class quality standards consistently. With customized freight and logistics solutions through state-of-the-art equipment and technology combined with expertise in management. Our aim is to give clients a reliable and dependable solution which constantly exceeds their expectations.

- Fast and flexible decision-making
- Qualified staff and logistics experts
- Advanced warehouse management system
- 24/7 Logistics operation

M G Sky Cargo LLC will cater to your logistics needs with dedication and professionalism. Our team of experts promise to go beyond your expectations and provide world-class service with smart logistics solutions. M G Sky Cargo LLC operates an extensive hub of freight and logistics solutions across the region. With superior connectivity, strategic alliance and a global reach, the company has risen to become a renowned industry leader.

M G Sky Cargo LLC aims to stand by its promise of offering state-of-the-art logistics and supply chain solutions tailored to client needs. Every service is delivered to meet high quality benchmarks in the most flexible manner. Through constant innovation and expertise, M G Sky Cargo's focus is to provide not just "great solutions", but solutions which are cost effective and efficient.

AIR Freight

We offer comprehensive air freight services to meet client logistic needs across the globe through a dynamic network of air carriers and ports.

SEA Freight

Our department for ocean freight carriers is dedicated to providing extensive ocean transportation services across multiple regions.

ROAD Freight

Our integrated road freight services are designed to ensure delivery of consignments through all major trade regions.

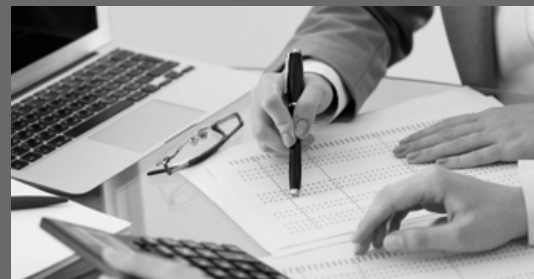

RAIL Freight

We offer reliable rail freight services to manage transportation of client consignments in a timely manner.

WAREHOUSING & Distribution

We provide our clientele with complete warehousing and distribution services to ensure safe storage and transportation of shipments.

CUSTOMS CLEARING & Documentation

Our team of experts will take care of entire customs clearance processes and documentation for cargo transportation.

AIR Freight

M G Sky Cargo LLC provides airfreight services through its dynamic network of agents and offices situated across the region. Our air freight services expand over 50 destinations and promise time-critical delivery to ensure our client needs are met. Included value added services:

- Transport insurance
- Packing & repacking
- Short term storage
- Merge-in transit
- Temperature-controlled transportation
- Real-time monitoring and tracking
- Warehouse management

With state of the art tracking software and high-end equipment, we treat every client shipment with utmost professionalism and priority. Our team of trained professionals select the ideal carrier for individual client shipments for personalized service and effective delivery.

SEA Freight

M G Sky Cargo LLC specializes in sea freight services to a diverse client base. We work with competitive and reliable carriers to offer our clients expedited shipment deliveries to-and-from major sea ports across the globe. Our team of experts will choose the best sea carriers for all sea transport (import & export).

- Customized carrier strategy
- Effective and affordable pricing
- Direct port contact
- High sailing frequencies
- Documentation & Packaging
- Auto-tracking
- Real-time monitoring
- Freight insurance

Our range of sea freight services include FCL (full container load service), Project cargo, LCL (less than container load service), Break Bulk, ROR (roll off and roll on) and Out of Gauge. All sea freight deliveries are monitored by a team of advanced professionals to ensure timely delivery through all transit points.

ROAD Freight

We offer an extensive range of road freight services 24/7 for critical shipments and deliveries to our vast client portal. Our road freight service team has established solutions to meet individual client needs in a timely, cost-friendly and professional manner.

No matter the time, place or location, our freight specialists know how to get your shipment to its destination in the shortest time possible without compromising on quality or safety. We offer customized road freight services to meet your needs.

- Customs clearance
- Door-to-door shipment
- Real-time monitoring
- Shipment insurance
- Consignment tracking
- Customized schedules
- Bulk carriage

RAIL Freight

Our services expand to railway freight through systemized coordination with extensive railway networks. We operate rail freight routes on a regular schedule to ensure delivery of shipments across multiple destinations without delay.

Our rail freight services include FCL (full container load), Break Bulk cargo and customs clearance. Each shipment is professionally surveyed to determine the best rail transportation mode and platform.

- Positioning reporting
- Combined barge, rail and truck transporting
- Security escort services (if needed)
- Pre and post cargo surveying
- Railway terminal handling
- Bar locks and security seals
- Customs clearance and documentation

WAREHOUSING & Distribution

We offer storage facilities for cargo across multiple destinations. Our aim is to ensure your goods are transported with maximum caution and security. All shipments are secured and monitored by trained security professionals round the clock.

With an extensive warehousing and distribution network, all consignments are tracked and traced for timely delivery. Customers can choose to opt for our security and hygiene certificates which guarantee safe storage of goods.

- Long term storage
- Short term storage
- Cargo distribution
- Packaging and labelling
- POD reporting
- Crating services
- Cargo Insurance

CUSTOMS CLEARING & Documentation

We ensure smooth delivery and customs clearance for all freight shipments and cargo handling. Our team of experts are trained to handle all aspects of customs administration, duties and tax, and documentation at multiple sea, land and air ports. Additional services include:

We strive to ensure all our clients receive a hassle-free experience. From scheduled delivery to border customs and clearance, M G Sky Cargo LLC will take care of your consignments every step of the way.

- Customs clearance documentation
- Collection of required documents
- Pickup scheduling
- Duty exemption
- Refund services
- Import code registration
- Brokerage services

Our PARTNERS

To provide our clients the best of our services, we have collaborated with globally renowned corporations which offer cutting-edge support services to enhance our logistics operations. With a prime focus on quality and superior delivery, our partners help us deliver freight to any location within time.

These are some of our most valued and reliable partners who help us accomplish our goal of being the best. We hold immense pride in our collaboration with experts and organizations around the globe who have dedicated their time and effort in our logistics and freight operations. To make our services truly stand out, our team of experts are willing to go an extra mile for every client. No matter the location, time or distance, our partners make sure we complete every client order in the most affordable and safest way possible.

We promise our clients customized freight transportation services without compromising on quality or time. Our success speaks for itself in the industry and is building new benchmarks for excellence in service delivery.
